STATE OF LOUISIANA

Voting Rights for Individuals with Disabilities and Residents of Nursing Homes

Introduction

Forty million Americans with disabilities are eligible to vote. People with disabilities can make a big difference in local, state, and federal elections. According to the National Organization on Disability, only 52 percent of voting-aged citizens with disabilities voted in 2004. In general, approximately 64 percent of all voting age Americans voted in 2004 based upon statistics provided by the U.S. Bureau of Census. This is a significant gap. Individuals with disabilities and residents of nursing homes can help to bridge this gap by learning about their voting rights and by voting every time there is an election.

Eligibility to Vote

To be eligible to vote in Louisiana, you must be:

- a U. S. citizen;
- at least 18 years old on or before Election Day; and
- a resident of Louisiana.

You are NOT eligible to vote if you are:

- currently in prison or under an order of imprisonment for conviction of a felony;
- under a judgment of full interdiction (guardianship); or
- under a judgment of limited interdiction in which your right to vote has been specifically removed.

Election poll workers cannot deny you your right to vote based on disability, age, sex, race, or sexual orientation.

Patients in state-run institutions ARE eligible to vote. If you live in a nursing home, group home, developmental center, hospital, etc. and would like to vote, contact your social worker or activity director. Staff at these facilities should help you with registering to vote and voting, either absentee or in person (see page 3 for more information on special programs for registration). If you have problems, contact the Secretary of State's Office

at 1-800-883-2805 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.

How to Register to Vote

There are four ways to register to vote:

1. In person

You can register to vote at your parish registrar of voters' office (see Appendix A for a list of registrars of voters' offices by parish). **Bring a picture ID or birth certificate for identification purposes and proof of residence.**

2. By mail

- a. Get a copy of the mail voter registration form from the registrar of voters' office, other voter registration agencies, or on-line at www.sos.louisiana.gov/elections/elect-appli.htm. An organized group conducting a voter registration drive may also offer you a form. In addition, forms may be obtained from various distribution sites, such as banks and parish libraries.
- b. Complete the form in blue or black ink.
- c. Mail the completed form to your parish registrar of voters' office (see mailing address shown in Appendix A). If you give your completed form to a group conducting a voter registration drive, you are depending on them to get the form to the correct registrar of voters' office in a timely manner and in time for you to vote in the next election. **You are not registered to vote until the form is received and processed by the registrar of voters' office in your parish.**

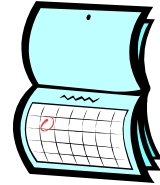

3. At Voter Registration Agencies

- a. You can get a voter registration form from public assistance offices, armed forces recruitment offices, state-designated agencies (such as libraries and schools), some federal agencies, and agencies that provide state-funded services to individuals with disabilities. Contact your parish registrar of voters' office for specific locations near you (see Appendix A).
- b. These agencies will give you the voter registration form, help you fill it out, accept completed forms, and mail them to the appropriate registrar of voters' office. **You are not registered to vote until the form is received and processed by the registrar of voters' office in your parish.**

4. At the Office of Motor Vehicles (OMV)

You should be offered the opportunity to register to vote when you go to the OMV to obtain, renew, or change your driver's license or state identification card. Fill out the form and return it to the OMV who will be responsible for mailing the completed form to your parish registrar of voters' office. **You are not registered until the registrar of voters' office in your parish processes the form.**

You must register to vote no later than 30 days prior to an election.

No matter which method you choose, you will receive a voter registration card by mail that is your verification that your voter registration is complete. You should contact your registrar of voters' office if you do not receive a voter registration card within 30 days of registering.

You can also use the voter registration card to change your address by completing the back of the card, signing the back of the card, and mailing it to your registrar of voters' office. It is important to update your address with the registrar of voters' office to ensure you are registered to vote at the right precinct and still be eligible to vote.

Special Handicap Program

The Special Handicap Program allows a person to vote absentee by mail or vote early in person at a nursing home.

❖ Eligibility

Any voter who has a physical disability to the extent that he or she is unable to vote early in person at a site designated by the parish registrar of voters' office or unable to vote in person at the polls on Election Day is eligible to participate in the Special Handicap Program.

❖ Signing Up for the Program

To get into the program, you should send a written request to your parish registrar of voters' office. If you are unable to make a written request, a voter may make a request by telephone. To vote under the special program in an upcoming election, a request must be made at least 30 days before the election.

The parish registrar of voters' office will send three forms to the voter: a request to be in the program; a witness form; and a physician's certificate form. The voter's doctor must complete the physician's certificate and have at least two persons residing in the voter's precinct sign as witnesses on the form. The three completed forms should be returned to the parish registrar of voters' office 30 days prior to an election.

The parish registrar of voters' office will review the returned forms and present the information to the parish board of election supervisors. The board will either approve or disapprove the voter's participation in the program. The voter will receive a card upon approval to participate in the Special Handicap Program.

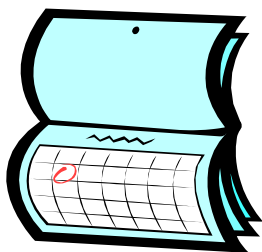

❖ **Voting Under the Special Handicap Program**

AT HOME

- Once approved for the program, a voter residing at home must send in a request for an absentee ballot before an election. The parish registrar of voters' office will mail the ballot to the voter's home.

IN A NURSING HOME

- Once approved for the program, a voter residing in a nursing home must send in a request to vote early in person or to vote an absentee ballot by mail before an election. The parish registrar of voters' office will bring the ballot or voting system to the nursing home.
- Ask your family or a close friend for assistance, if needed.

Call your parish registrar of voters to find out about deadlines. Ask when the parish registrar of voters' office must receive a written request for an absentee by mail ballot or early voting in person (see Appendix A).

Polling Place Accessibility

All polling places must be accessible to individuals with disabilities. The definition of a polling place is the location in the facility where the voting system(s) is located.

Everyone should be able to get into his or her polling place. The doors should be wide enough for a wheelchair to go through. There should be

ramps or elevators if there are steps. There must be reserved accessible parking and all walkways must be accessible and free of obstacles.

All voting systems in Louisiana are accessible to individuals with disabilities, including audio ballots for individuals with visual impairments, illiterate, unable to read the written word, or physically unable to reach the ballot on the voting system. If you need assistance using the audio voting keypad to cast your vote, please ask for help.

If your polling place is not accessible, COMPLAIN. Call the Secretary of State's Office (1-800-883-2805) and let them know about the difficulties you faced when you voted. You may also call one of the disability advocacy groups listed on page 12 for assistance.

❖ What happens when I go into a polling place to vote?

1. Once you get inside the polling place, the election poll worker will ask you for your name and address.
2. The election poll worker will ask you to show your Louisiana driver's license, Louisiana special identification card, or other recognized picture identification. If you do not have picture identification, you can provide the election poll worker with identification information shown on the precinct register. You will then be required to sign a voter identification affidavit in order to be eligible to vote.

3. You will be required to sign or make your mark next to your name in the precinct register.
4. If you are visually impaired and read Braille, you may ask an election poll worker for a copy of the Braille booklet containing information on voting for federal elections only. **This book must be returned to the election poll worker.**
5. According to Louisiana law, a voter who is “visibly handicapped” shall be allowed to go to the front of the line to cast a ballot; therefore, it is your right to advance to the front of the line and inform election poll workers of your disability. Otherwise, you will have to wait in line until it is your turn to vote.

❖ What happens at the voting system?

- When it's your turn to vote, you will go to the voting system.
- To vote, you will be required to touch the ballot or the touchscreen, depending on whether you are voting on Election Day or during early voting in person.
- You must vote for at least one candidate you want to elect to office or for any issue that may be on the ballot for the voting system to activate.
- Review your choices to make sure that you voted for every candidate and for every issue for which you intended to vote.
- **State law allows three minutes to cast your vote, so be sure to review the sample ballots posted at the precinct, in the newspaper, or go to our website:**
www.sos.louisiana.gov/cgibin/?rqstyp=BLTINQ&rqsdta=start. Once you get to the website, click on your parish.
- You will then cast your vote on the voting unit by pressing the “cast your vote” button or pressing the select button on the audio voting keypad. Your vote will be added to the other votes.

❖ What happens if I need help?

Election poll workers can offer three types of assistance to voters:

- Anyone can ask an election poll worker at the polling place to show him how to operate the voting system. They are obligated to assist voters who ask for help. If you are still confused after they show you, ask them to show you again.
- Ask the election poll worker to lower the voting system for you, if you use a wheelchair.
- Ask the election poll worker to give you the audio voting keypad if you need it to vote.

It is important that you understand how to use the voting system before you vote.

If you have certain kinds of disabilities, you can ask one of the election poll workers or someone of your choice to help you vote provided:

- 1) If you are currently marked with an assistance code in the precinct register;

- 2) If you bring a doctor's note with you when you go to vote stating that you need assistance (You can give the election poll worker your doctor's note and they will send it to the registrar of voters' office so that you will be marked with an assistance code in the future.); or
- 3) If you show your mobility impaired picture identification card or a special identification card that shows you are permanently disabled.

If you chose someone to assist you in voting, you may not select someone who is a candidate for that election, your employer or employer's agent, a union agent, or a commissioner-in-charge at the poll on Election Day.

Please note that a pre-teen child is allowed to go to the voting system with you.

The audio voting keypad is shown below. Advise the election poll worker who will setup the voting system for you. This keypad can be of assistance to anyone who is visibly impaired, blind, illiterate, physically disabled to reach the voting system, and those individuals with difficulty reading the written word.

What happens if they say I can't vote?

If an election poll worker states that you cannot vote, ask why. Ask the election poll worker to call the parish registrar of voters' office to find out why you can't vote. If you are being denied the right to vote based on your disability, contact the Secretary of State's Office at 1-800-883-2805 or call one of the disability advocacy groups listed on page 12, if necessary.

If you are voting for President or a United States Senator or Congressman, you should ask for a *provisional ballot* if you are told that you can't vote because:

- your name doesn't appear on the precinct register;
- you have the flag "1ST TIME FEDERAL ELECTION" by your name if you registered by mail and you don't provide proper identification documentation; or
- a majority of the election poll workers challenge your right to vote and the challenge is upheld.

You should not leave the polling place without voting if it is a federal election because the election poll workers must let you vote by provisional ballot. Provisional ballots are used only for elections for federal office and are used if there is a question about your right to vote in a federal election.

You must turn in the provisional ballot at the polling place. Your parish board of election supervisors will determine whether or not your vote will be counted. If you cast a provisional ballot in a recent federal election and want to know if your vote was counted, you should contact the Secretary of State's Office at 1-800-883-2805 no sooner than seven days after the election. You must have your provisional ballot number available when calling to see if your ballot was counted.

❖ What happens if I make a mistake on my ballot?

This depends on the type of ballot.

- If you make a mistake on a paper provisional ballot, you must return it to one of the election workers and get a new provisional ballot.
- If you are using a voting system and you realize you have made a mistake, you can make as many changes as you like before you actually press the “vote” button. **You cannot change your ballot after you have cast your vote.**

❖ **Absentee Voting by Mail and Early Voting in Person**

Individuals who are unable to vote at the polling place on Election Day can vote absentee by mail or vote early in person. Early voting in person takes place six to 12 days before an election. If you vote absentee by mail or during early voting in person, you may not vote at the polls on Election Day. You may vote early in person or vote absentee by mail, if you meet certain requirements.

- To vote early in person, go to your parish registrar of voter’s office six to 12 days before an election. The staff will allow you to vote on an electronic voting system. You will not be allowed to vote in person on Election Day or vote absentee by mail.
- To vote absentee by mail, call your parish registrar of voters’ office for information (see Appendix A).
 - The registrar of voters’ office will mail you a form to request an absentee ballot by mail. This form and its instructions are also available on the Secretary of State’s website: www.sos.louisiana.gov/elections/elect-absentee.htm.
 - Complete the form and mail or fax it to your parish registrar of voters’ office.
 - You will receive an absentee ballot, if eligible to vote absentee by mail.
 - Vote using the absentee ballot and return it to your parish registrar of voters’ office. The absentee ballot may be mailed through the U.S. Post Office. If you feel like you may not have sufficient time to return your ballot by mail and you sign a secrecy waiver, you can fax your ballot to your parish registrar of voters’ office.
 - The parish registrar of voters’ office must receive the ballot before Election Day to be counted.

❖ Barriers You May Encounter When Voting

- You are at the voting system and do not know what to do.
 - Ask an election poll worker for help.
- The route to the polling place is not accessible.
 - Check for an alternate route.
 - If you get prior authorization from your registrar, you may cast your vote at another accessible polling place that is near and has the same ballot.
 - Call your parish governing authority and complain.
 - Call the Secretary of State's Office (1-800-883-2805) to complain.
- The attitude of the election poll worker is negative and you feel uncomfortable.
 - Ask to speak to another election poll worker.
 - Be sure to vote while you are at the polling place.
 - Contact the clerk of court's office for your parish and voice your complaint (see Appendix B for a listing of clerks of court). The clerk of court will forward your complaint to the parish board of election supervisors who will review your complaint.
 - Call the Secretary of State's Office (1-800-883-2805) to complain.
- Your guardian is reluctant to let you vote.
 - If you have not been fully interdicted or partially interdicted in which your right to vote has been removed, you can vote.
 - Tell your guardian why voting is important and that you want to be a part of the political process.
 - Ask another friend or family member for help.
 - Contact your parish clerk of court's office (see Appendix B).
 - Call the Secretary of State's Office (1-800-883-2805).
- Someone states that they will give you a ride to the polling place if you vote the way they want you to vote.
 - Your vote is your own. It is private. You do not have to vote the way anyone else says or tell anyone how you voted.
 - If you need a ride to the polling place, you can call your friends, your family, your church, or other community group. Many of these organizations can help you with transportation to your polling place.

- Once at the polling place, you are free to vote for the candidates or issues you've chosen, no matter what anyone else says.

Important Things to Remember

People with disabilities have the right to vote. Voting is your decision. You have the right to vote unless a court has ruled that you can't.

- No one can tell you how to vote.
- Your vote is private - you don't have to tell anyone how you voted.
- The polling place must be accessible to you.
- You can ask for help.

Election Dates

For upcoming election dates, see the Secretary of State's website: www.sos.louisiana.gov/elections/elections-index.htm or call 1-800-883-2805.

Elections Compliance Unit

The Secretary of State's Office has an Elections Compliance Unit (ECU) that is responsible for investigating complaints of election irregularities, including voter fraud and abuse, vote buying and threats to disrupt or inhibit the election process.

The Election Compliance Unit's toll-free hotline number is 1-800-722-5305.

The Governor's Stamp Out Fraud hotline number is 1-866-372-8305.

Complaints

Voters can make complaints on Election Day by calling the Secretary of State's Office (1-800-883-2805). This number will be available at the polling place or on the Secretary of State's website: www.sos.louisiana.gov/elections.

Send complaints to the Secretary of State's office: P.O. Box 94125, Baton Rouge, LA 70804-9125. For federal elections, the complaint must be written, sworn under oath, notarized, and must be filed within 90 days after

final certification of the federal election. If you are having problems with this process, call the Secretary of State's Office (1-800-883-2805).

If your complaint or question was not adequately addressed by the Secretary of State's Office, your parish clerk of court's office, or your parish registrar of voters' office, contact one of the following disability advocacy groups:

**The Advocacy Center
1010 Common St., Ste. 2600
